

SOE Photo/Video and Artwork/Writing Release Form for Children's Parent(s) or Guardian(s)

Dear Parent(s)/Guardian(s):

Your child is currently participating in the Seeds of Empathy (SOE) program, and we like to take pictures of the children participating in the visits (i.e., during Family Visits with the SOE baby). These pictures may include your child. Sometimes we like to use some of these photos to share information about SOE in training and in promotional materials, and in the media. As part of the SOE program, your child has done artwork and writing, and we sometimes like to use this work in the same way. Please indicate if the Roots of Empathy organization may use photographs of your child or your child's artwork/writing in these ways.
